Blast from the past !

This "old school" 1950's style house boasts space and rooms for days. The layout is either a four bedroom, one office or five bedroom or three bedroom and office and kids room. Essentially there are five rooms that could work for various purposes. Two bathrooms, both with a bath/ shower combination. One lounge area, which leads onto the back porch and spacious garden. One very big dining room or entertainment room and the little open plan kitchen at the heart of the home, with another small dining area.

The garage is a tandem with sufficient space for two vehicles and there is space for two more off-street in front of the garage too.

This is a perfect family home, situated directly opposite the yacht club with great access to walkies, mountains, shops, beaches, schools etc etc Garden could use some TLC, so a green thumb is...
